2024-2025 Inshore Series

NTC03

Scoring - Handicaps

Preamble

With the introduction of our new race management and handicapping software, SailSys, we have amended the handicap adjustments to consider the previous six (6) races, rather than four (4) in our old Blue Peter system. This has necessitated an amendment to our Inshore Series Notice of Race, as follows:

NoR 12.3 is deleted and replaced with the following:

12 Scoring

12.3 The general handicap will be a formula-derived performance handicap that adjusts after each race based on the performance for that race and up to six (6) prior races. Different general handicaps will be maintained for each series, e.g. fleet, rum, or two-handed. Boats that score 'DNC' may still incur a handicap movement. Boats that perform well below their typical performance will not incur a handicap movement.
